

# Waste collection calendar Hjartdal, 2018-2019

## Sacks and biobags (degradable)

- Sacks and biobags will be distributed in weeks 34 and 35. This will be announced in advance in Telen.
- If you need extra sacks for non-recyclable or general waste you should use sacks marked IRMAT AS. These can be bought at your local Supermarket for kr 25,- each.
- Extra sacks for plastic packaging waste are available free from the council headquarters as needed.

## Hazardous or dangerous waste for private households

- A container for this type of waste is placed by kommune headquarters in Sauland. You can deliver the following types of waste here: paint (oil or water based), plant sprays, lead batteries, cleaning fluids, spray cans and fluorescent lighting tubes. Empty cans, tins etc. are considered general waste.

## Plastic packaging

- Plastic packaging will be collected separately on the *Friday* in the week of your route number. You can deliver several sacks each time.

## Choice of agreement

 Hjartdal kommune allows you to choose the most suitable collection agreement:

- General (usual) agreement.
- Large quantity agreement. (2 sacks general waste every other week)
- Small quantity agreement. (One person households. 1 sack general waste per month).

## Holiday home containers

- These can only be used by those paying Hjartdal kommune for holiday home waste collection.

## Goasholtmyra waste centre - opening hours

- Weekdays 7.30 - 15.30. Late open on Tuesdays until 18.30 from the first Tuesday after Easter until the end of October.
